Hamlet of Suffield - Area Structure Plan

Cypress County is revising the Area Structure Plan for the Hamlet of Suffield. PlanWell Consulting has now prepared a Draft of the Area Structure Plan that will be shared with the public, land owners, and other stakeholders. The purpose of the Open House is to provide a summary of the Area Structure Plan Draft, and to accept feedback and comments afterward. Anyone who feels that they are affected by the proposed Area Structure Plan, and/or wishes to learn more about the Plan, is welcome and invited to attend the Open House. This is an opportunity to allow public participation and engagement to help determine the kind of area structure plan that will work best for this community.
